CONSTITUTION OF CONGREGATION

I Johannes Homateni George,
"By virtue of the powers vested in me as the Founder and Director of I-Care Health Training Institute, hereby declare that this congregation is officially constituted as the THIRD Graduation Ceremony of the I-Care Health Institute."

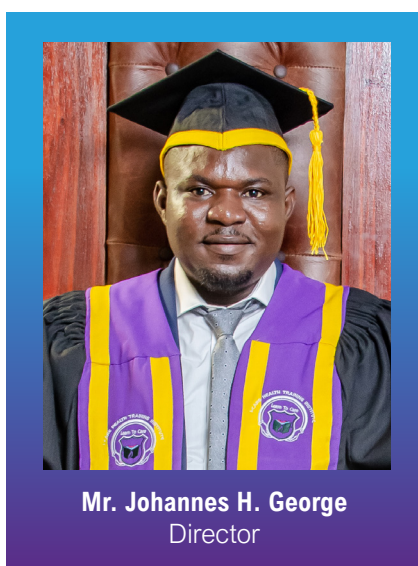

GRADUATION SPEECH - DIRECTOR'S ADDRESS

Good morning, distinguished guests, esteemed faculty, proud families, friends, and most importantly, the graduating class of 2024.

It is an immense honour to stand before you today as the Institute's Founder and Director on this momentous occasion—the third graduation ceremony of our venerated nursing programs.

Today marks a significant milestone, not only for our graduates but for our institution as well. Each one of you represents the dedication, compassion, and resilience that is the cornerstone of the nursing profession. Your journey through countless hours of study, clinical practice, and often, personal sacrifice, culminates in this celebration of achievement. You have shown an unwavering commitment to the pursuit of excellence, and for that, you deserve our deepest admiration and respect.

As the Director, I take immense pride in the quality of education that our institute imparts. We have witnessed your transformation from inquisitive students to knowledgeable, skilled nurses ready to take on the responsibility of caring for others at their most vulnerable moments. Our faculty has worked tirelessly to equip you with the competencies needed to excel in the ever-evolving field of healthcare. Today, we are not just sending out graduates; we are sending out ambassadors of our Institute's values and vision.

The path to where you stand now was not without its hurdles. The healthcare landscape is one that is constantly being reshaped by new discoveries, technologies, and challenges. You have been trained during a time of unprecedented change, where adaptability and innovation are just as important as the knowledge gleaned from textbooks. Remember that each challenge you have faced has been an opportunity for growth, preparing you to be the change agents in a world that so desperately needs your expertise and empathy.

As you step forward into your careers, you are entering a noble profession that demands a commitment to lifelong learning and service to humanity. You have the power to touch lives in ways that few other professionals can. Your hands

will heal, your words will comfort, and your presence will bring hope. Embrace the responsibility that comes with your calling, and carry the torch of this noble profession with honour and integrity.

I would also like to extend my heartfelt gratitude to the families and friends, the Government of the Republic of Namibia through her various ministries and departments, who have supported our graduates throughout their endeavours. Your unwavering faith and encouragement have been instrumental in their success.

To the faculty and staff, your dedication has shaped the minds and hearts of these graduates, and for that, we are all grateful.

In closing, I encourage our graduates to always remember the core values that have brought you to this point – compassion, excellence, and service. As you go forth, take with you the knowledge that you have the full support of your alma mater behind you. May your careers be as rewarding for you as your contributions will be invaluable to the communities you serve.

Congratulations, Class of 2024! Your journey as professional nurses begin today. May you all soar to new heights, and may you always carry the pride of I-Care Health Training Institute within you.

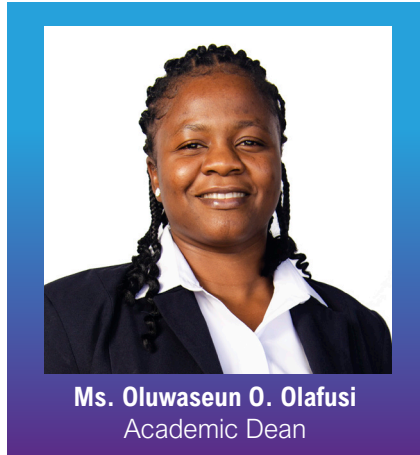

Thank you.

CONGRATULATORY MESSAGE FROM THE ACADEMIC DEAN'S OFFICE

Dear graduates, I extend a warm and heartfelt welcome to each and every one of you to this momentous occasion - the 3rd graduation ceremony of the I-care Health Training Institute like to begin by expressing my profound appreciation to the Almighty God for His abundant grace and mercy that have brought us together on this momentous occasion.

Today marks a significant milestone in the lives of our graduates, a culmination of years of hard work, dedication, and unwavering commitment to excellence in the field of nursing. It is a day to celebrate not only the academic accomplishments of our students but also their profound dedication to the noble profession of nursing.

As we reflect on the journey that has brought us to this point, I am reminded of a poignant quote by Florence Nightingale, the pioneer of modern nursing, who once said, "I attribute my success to this: I never gave or took any excuse." These words encapsulate the spirit of resilience and determination that has characterized the journey of each graduate. Despite the challenges and obstacles, you may have faced along the way, you persevered with unwavering determination, never wavering in your commitment to your studies and your calling to serve others.

You have completed a rigorous course of study, honed your skills, and demonstrated your readiness to enter the noble profession of nursing. As you embark on this new chapter of your lives, I encourage you to carry with you the values of compassion, empathy, and integrity that have been instilled in you throughout your education. Remember that nursing is not simply a profession but a vocation—a calling to make a difference in the lives of others, a calling to provide comfort in times of need, and to advocate tirelessly for the health and well-being of your patients.

As you go forth into the world as proud alumni of our institution, know that you carry with you the collective hopes and aspirations of all those who have supported you along the way. Your faculty, your families, and your friends have

stood by you, encouraged you, and believed in you every step of the way. Today, we celebrate not only your individual achievements but also the collective success of our entire community. Lastly, I would like to leave you with another inspiring quote, this time from the renowned nurse and humanitarian, Mother Teresa, who said, "It is not how much you do, but how much love you put into the doing that matters." As you embark on this new chapter of your lives, may you always remember the importance of compassion, empathy, and love in everything you do.

Congratulations once again, and may you go forth from ICHTI with courage, confidence, and a deep sense of purpose.

CONGRATULATORY FROM THE MANAGEMENT TEAM

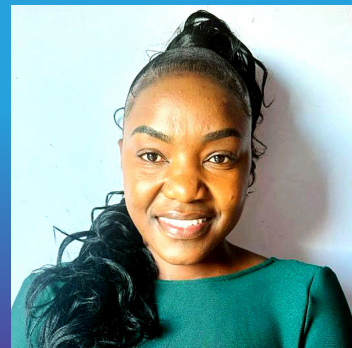

MESSAGES

Dear Graduates,

As you cherish the fruits of your hard work, I wish that success keeps following you in everything you do.

The journey ahead is filled with opportunities to grow, learn, and make a difference. Continue to embrace

challenges with the same determination that has brought you here. Your commitment to excellence in nursing will undoubtedly inspire others and contribute to a healthier nation. Now go out there and make your mark.

Ms. Amalia George
Registrar

Heartfelt congratulations on your graduation! Today, we honour and celebrate your accomplishments.

As you transition from students to professionals, remember that the essence of nursing lies in empathy, integrity, and a commitment to lifelong learning. The knowledge and skills you have acquired will serve you well as you step into a profession that is both challenging and deeply rewarding. Never stop learning, never stop growing, and always strive to be the best version

of yourself. Always remember the core values of nursing in all that you do; compassion, dedication, and a commitment to excellence.

The future is filled with endless possibilities, and I am excited to see the positive impact you will make in the nursing field. The world is yours to explore and conquer! We are incredibly proud of you and wish you all the success in the world. Psalm 90:17

Ms. Christine Ong'ondo
Head of Department,
Windhoek Campus

Dear graduate,

You worked hard for all those years and proved your worth to the world. Dedication and hard work were the driving forces behind achieving your dream career. Remember Nursing is a calling that comes with greater responsibilities.

Many wishes to the next step of your life. May you shine brighter than the brightest stars.

Wishing you a successful future. To the entire I-care Health Training Institute management and staff,

it is not about positions but the production, neither the education we get but the empowerment we give that makes a difference to others.

Congratulations once more.

Ms. Emerita Primus
Head of Department,
Hilma Shinyolo campus

CONGRATULATORY MESSAGES FROM THE MANAGEMENT TEAM

Dear Graduates,

It is with joy that I extend my warmest congratulations to you on obtaining your nursing certificate – a remarkable accomplishment it is. Today, you have reached a significant landmark in your academic and professional career, and we are honored to have played a part in shaping your extraordinary skills. We have faith that you will make a meaningful difference in the lives of your patients and the broader healthcare community. I would like to remind you that the actual essence of nursing is found in the kindness, compassion, and

empathy you show your patients – qualities that go hand in hand with technical proficiency. I hope you enjoy this exciting new adventure. Never forget that every encounter, every touch, and every consoling word has the ability to change lives. As you move forward, make it your mission to be a ray of hope, a consoling presence, and an advocate for wellbeing and health in your community.

Congratulations once again on this incredible achievement. May you shine brightly in your nursing career.

ALUMNI CORNER

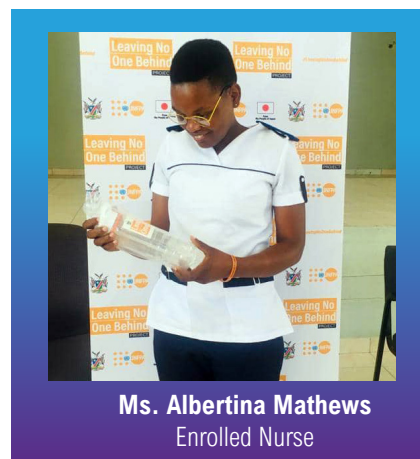

My name is Albertina Mathews, a former graduate of the I-care Health Training Institute, and I am now working as an enrolled nurse at Eenhana District Hospital in the Ohangwena Region.

I began my academic journey in January 2020, during the challenging onset of the Covid-19 pandemic, at the I-care Health Training Institute here in Windhoek. It was a formidable time, but through hard work and dedication, I persevered. While attending school, I also worked as a nanny from Monday to Friday to earn money for my transportation. During the pandemic, there were weeks without face-to-face classes, but I never let that hinder my progress.

When practical began, I opted for night shifts so I could continue my side job during the day. I made

sure to be at Mrs. Ola's office by 7 am, and she appreciated my willingness to work weekends and holidays, affectionately calling me "Week-holiday" because I never missed any of those shifts. This commitment helped me complete my logbook early, even ahead of some seniors from the 2019 intake. The only time I rested was during exams. As Martin Luther King Jr. said, "No work is insignificant. All labor that uplifts humanity has dignity and importance and should be undertaken with painstaking excellence."

So, my fellow graduates, whatever career path you choose, remember that the struggles along the way are meant to shape you for your purpose. Many of you have endured hunger, lived in rented rooms your parents sacrificed to pay for, and walked long distances to school. But today, all those sacrifices have

led to this moment of celebration and achievement.

Congratulations to you all. Go into the world and do well. Your education is a dress rehearsal for the life that is yours to lead.

Daniel S. Ndimulunde, Enrolled nurse

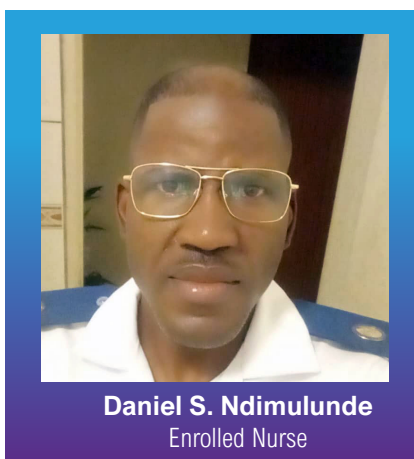

My name is Daniel S. Ndimulunde. I am a nurse by profession and a former security officer at Shimela Security Company, where I worked for 10 years. I am a proud graduate of the I-care Health Training Institute, and my inspiration to return to school was driven by my desire to help others and provide care.

Starting my nursing course was not easy; it was a challenging time. To manage the demands of both my studies and my job, I developed a time management plan to ensure neither activity negatively impacted the other.

With self-confidence and

determination, I learned the importance of punctuality, becoming a hard worker who was committed and dedicated to both my studies and my security job. This commitment led to my professional growth. I was guided by five key principles: professionalism, responsibility, accountability, confidentiality, and mannerism.

Balancing my studies with work was a struggle because I do night shifts and go for classes during the day. I had to work to support my family, pay school fees, and cover transportation costs. Despite being mocked, discouraged, and dehumanized by many, and losing friends along the way, I never gave up. I prioritized my tasks and stayed focused until I graduated.

The lessons and skills I learned as a security officer, such as understanding, empathy, humility, teamwork, and adaptability, have proven invaluable in my nursing career.

ALUMNI CORNER

It's a privilege to share my remarkable journey as an Auxiliary nursing student at the esteemed I-Care Health Training Institute.

My name is Denboy So-oabeb. This institute has been my guiding light, shaping me into the compassionate and skilled successful healthcare professional.

When I first walked through the doors of the I-Care health training institution, I was filled with a mixture of excitement and apprehension. The world of nursing seemed vast and daunting with its demand for knowledge, skill, and compassion. However, from the very beginning, the supportive environment at I-Care reassured me that I was in the right place.

The faculty, with their wealth

of experience and dedication welcomed me through with opened arms and guided me through every step of this journey.

One of the most impactful aspects of my education here has been the hands-on clinical experience, within the walls of our lecture halls; I absorbed knowledge like a sponge. From anatomy and physiology to patient care techniques, every lecture was a stepping stone. Our dedicated lecturers, with their wealth of experience, impacted wisdom that transcended modules. The unwavering support and encouragement kept me going, and for that I am immensely grateful.

In conclusion, my journey at I-Care Health Training Institute has been transformative. It has mend me

Denboy So-oabeb
Auxiliary Graduate

into a health professional, a lifelong learner, and a beacon of hope. I express my heartfelt gratitude to the faculty, my peers, and my family for their unwavering support. Congratulations to all the Achievers.

Thank you.

Ladies and gentlemen,

Allow me to introduce myself. My name is Enny Manga Simataa, a Graduate of the I Care Health Training Institute. My journey at I Care began in January 2020 and continued until July 2022, when I graduated as an enrolled nurse/midwife.

The journey was quite challenging from the start, but I never gave up or lost hope despite the obstacles I encountered. As time went by, everything became smoother because my faith was greater than any challenge I faced. I was a determined young woman striving for the best.

I-Care Health Training Institute paved a wonderful path for me. During the first-ever graduation ceremony, I was honored as one of the institute's best performers and awarded a Best Performance in Practical certificate. This

achievement made me and the institute proud. ICHTI did not let me stay unemployed; instead, they allowed me to work with them. I was privileged to be employed as an Assistant Lecturer at I-Care from August 2022 until March 2024. It was indeed a great pleasure serving this esteemed institute.

Today, as I write this, I am not among you because I am now working as an enrolled nurse at a hospital. I didn't leave I-Care because I wanted to but because I needed to gain more practical field experience. I am a very proud enrolled nurse/midwife, nurtured by I-Care Health Training Institute. Graduating from I-Care did not stop me from chasing my dreams.

Dear graduates, as I speak to you through this message, I want you to know that I am not only a nurse by profession but also a student studying psychology, working

Ms. Enny Manga Simataa
Enrolled Nurse

towards becoming a psychologist in the next few years. Who knows, I might return to the institute as its psychologist. Dreams are valid.

I have become an inspiration to some of the students, and many still reach out to me, asking how I manage to do all that I do. But that's a story for another day.

Dear graduates, I would like to congratulate you all on this great

achievement. I know it wasn't an easy journey, but despite it all, you made it and should be proud of yourselves. I wish you nothing but the best of luck on the new journey ahead of you.

May our good Lord bless you all abundantly.

Once again, welcome to the nursing profession!

My name is Elise Amukoshi, and I am from Epundi village, situated in Engela City, Ohangwena Region.

A place of hope, and that's where my love for nursing gradually emerged. Greatness is a cause for celebration at the Institute of Possibilities, I Care Health Training Institute.

Every A human being has a story to tell—a story that either empowers them or rips their world apart. It was the year 2021 when my journey that shaped my future for good began at the I Care Health Training Institute.

It wasn't an easy journey at first, but despite all the odds, through faith, determination, and hard work, eventually it became easier. As the saying goes, there's always light at the end of the tunnel. I believed in myself

and always kept sight of my goals and graduated in 2023 as an enrolled nurse and midwife.

Perseverance brought me where I am today with the support of well-equipped lecturers at the I Care Health Training Institute. I care indeed paved the way for me in the nursing fraternity; I care taught me about morals, values, ethics, accountability, and professionalism that I will always carry with me everywhere I go.

Today I can proudly say I am indeed an I care product. Now that I'm in my profession, I can fully guarantee that I'm well equipped and fully prepared to render holistic care to my patients in accordance with the vows that I have undertaken.

I have no idea what your odds are,

Ms. Elise Amukoshi
Enrolled Nurse

but I know that if you don't give up on yourself, you will one day become the greatness in your family and your community.

At I Care, we learn to care.

My name is JOSEPH K KAKALO, I graduated from the I-Care Health Training Institute as an Enrolled Nurse in 2023, where I also served as the SRC vice-president. This is my alma mater about my journey and how I-Care transformed my life.

I grew up in Okatana Village in the Oshana region. After completing my grade 12 in 2015, I faced a tough reality. I had always dreamed of becoming a nurse, but my family couldn't afford the nursing courses offered by some nursing schools in Namibia. It felt like my dream was slipping away.

In 2019, a friend shared a Facebook post about I-Care Health Training Institute in Ondangwa, offering a two-year nursing course. I spoke to my parents and elder siblings, and they agreed to support me. I-Care was affordable and understood our financial challenges.

In July 2020, I started my nursing course at I-Care. I was overjoyed because I was

finally studying something I had always wished for. I-Care turned my dreams into reality and gave me the opportunity to work alongside qualified registered nurses and doctors who mentored me. Without I-Care, I might still be in my village or wandering the streets like many of my unfortunate peers.

I-Care not only groomed my nursing skills but also developed my leadership abilities, leading to my role serving as an SRC vice-president at campus. Through OSCEs and class presentations, my public speaking skills improved significantly. I am who I am today because of I-Care.

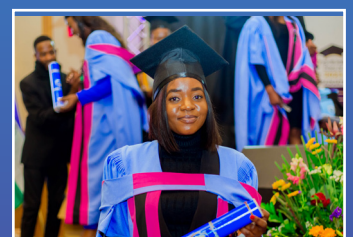

After graduation, I was recruited by the Ministry of Health and Social Services at Opuwo Hospital in Primary Health Care services. The practical and theoretical skills I gained from I-Care have been important in delivering quality care to Namibian patients. I whole heartedly recommend I-Care to any aspiring nurse. This is a school where your

dreams are recognized, nurtured, and realized. Parents and guardians, if your child wants to study nursing, I-Care should be at the top of your list.

To all the graduates, stay focused and never get distracted. RISE and shine your life is about to change for the better.

CONFIRMATION OF QUALIFICATION

Mr. Johannes H. George
Director

By the virtue of the powers vested in me as the Founder and Director of the I-Care Health Institute, I hereby confer **ALL THE QUALIFICATIONS** presented here today of the I-Care Health Institute.”

THE MEANING OF THE LAMP IN THE PLEDGE OF SERVICE

The lamp in your hand is the symbol of those who keep vigil over the sick. It is the symbol of the philosophy of the nursing profession that those who nurse should be a light unto others.

It indicates that you are prepared to develop your profession and to practice it in the light of the science which are the building blocks of medical and nursing sciences.

It confirms that you have prepared to carry out your professional acts in accordance with the legal and ethical codes of your profession and that you are prepared to care for man in his uniqueness with knowledge and compassion.

It is the symbol that indicates that you are prepared to be the following for those who need your help:

- The eyes of the blind who are sick
- The power of movement of those who cannot move
- The hands of those who do not have the strength to care for themselves
- The comforter of those who are alone and grieve
- The nourisher of those who cannot eat
- The protector of those who are helpless and those who are vulnerable
- The mind of those who are unconscious

- The one who has to ward off the hazards threatening the sick
- The intermediary between the doctor, other members of the health team and the patient
- The advocate of those who have health problems

It confirms that you as a professional nurse are prepared to submit to the discipline of your profession. It serves as proof that you are prepared to serve as a role model of your profession.

I give you the reveille of nursing: **"LET THE OIL OF KNOWLEDGE AND OF LOVE ALWAYS ENSURE THAT YOUR LAMP BURNS BRIGHTLY."**

NURSING SERVICE PLEDGE

I,

**ENROLLED NURSE/MIDWIFE/ACCOUCHEUR/AUXILIARY NURSE,
ON THE 18TH OF JULY 2024, AT THE ONDANGWA TRADE FAIR, ONDANGWA
IN YOUR PRESENCE, PLEDGE:**

I solemnly declare that my ultimate responsibility as a nurse is to promote and safeguard the total wellbeing of my clients, their families and the community at large.

My practice will be founded on respect for my client's humanity, dignity and individuality.

I undertake to treat my clients equally, and will not allow that social, economic, political, religious or cultural differences influence the care I render.

To fulfil the needs of my clients, I will endeavour to understand and address it with compassion and empathy.

I accept it as my duty to protect the interest of my clients and to maintain professional secrecy.

I will comply with all moral, legal and professional standards in the execution of my duties and inspire others in achieving our shared vision.

Finally, I pledge to maintain the highest level of knowledge and skills and to contribute towards the development of my profession.

DISSOLUTION OF CONGREGATION

I Johannes Homateni George,

“By virtue of the powers vested in me as the Founder and Director of I-Care Health Training Institute, hereby declare that this congregation is officially dissolved as the THIRD Graduation Ceremony of the I-Care Health Institute.”
